**Pay At The Pump**

Tenants wishing to receive a Port fuel card (and receive a $0.10 per gallon discount) can contact the Marina Operations office to schedule a training session!

**Dry Storage Tenants**

Effective November 1st, A & B docks will be open for unlimited “overnight” use by dry storage tenants during the winter months. However, high demand may require a change back to summer “overnight” policies. Please note, changes for the use of power will still be in effect. Also, please avoid the “keep clear” and “pump out” areas. Boats moored in these areas will still be subject to current policy and will be charged accordingly.

**Boating Tips & Tricks**

1. Morning dew is distilled water. Wipe off your boat with it and it will be spot-free!
2. Want a green alternative to bleach? White vinegar kills mold.
3. Oven-cleaner spray will remove paint and adhesive residue from gelcoat without damaging it.
4. Free play in hydraulic steering can often be eliminated by simply adding fluid to the helm pump.
5. Tow tip: Wipe your boat down with liquid soap before a long haul to make bugs and grit easy to remove once you arrive.
