Volume 24 No. 11

PORT HOLIDAY EVENTS

Our guest moorage will be filled with boats decked out in holiday decorations from December 1st - 29th. Come stroll the boardwalk and take in the magical site of Holiday on the Docks, brought to you by the Edmonds Yacht Club and the Port of Edmonds. Then on Wednesday, December 11th from 6:30 - 8:00pm, join us in the Public Plaza (behind Anthony's Restaurant) for more holiday cheer. We will be handing out hot apple cider and treats to keep you warm while you listen to Christmas music from the Argosy Christmas ship choir and onshore live music. The Argosy departs at 7:00pm for its 7:20pm performance at the Edmonds Fishing Pier, but music, treats and a visit from Santa will continue in the Public Plaza after the ship's departure.

PORT FOOD DRIVE

The Port of Edmonds is hosting a food drive from November 15th - December 15th to support Northwest Harvest this holiday season. Donation boxes for non-perishable foods can be found at the following three Port locations:

- Harbor Square: Center atrium at 120 W. Dayton
- Port Administration Office: 336 Admiral Way
- Marina Operations Office: 458 Admiral Way

Suggested food donation items:

- Beef stew, chili and similar meals with low salt, sugar and saturated fats
- Canned fruit, especially with low sugar
- Condiments
- Canned fish or meat
- Peanut butter (plastic jars are preferred)
- Canned vegetables (low sodium)
- Brown rice
- Beans and lentils
- Whole grain pastas
- Canned tomato sauces
- Powdered or canned milk
- Infant and baby foods
- Baby diapers are also happily accepted!

Thank you for participating!

JANUARY 24TH - FEBRUARY 1ST
Visit our booth at CenturyLink Field Event Center!

Spend your holidays with us!

Visit www.portofedmonds.org for event details.

OUTBOARD ENGINE WINTERIZING

Engine fact- outboard engines are designed to drain all the water from their cooling systems completely when tilted in the down position. Therefore, lesson number one when winterizing an outboard engine is to tilt the engine down all the way and leave it there. Covering it is also a good idea, as long as you make sure there's enough ventilation that condensation doesn't form. Other tips:

- Aside from eliminating H2O from the equation, you'll want to give the engine's internals some protection from corrosion as it sits.
- Historically, with carbureted outboards and old-tech two-strokes this meant running fogging oil through the engine. Most modern outboards, however, are "fogged" via a much easier process.
- Some manufacturers offer products that can be mixed into a remote fuel can of gasoline, and run through the engine to give it a layer of protection. And some other modern outboards control the process electronically—you simply navigate to a "winterize" mode in the control system, and press the button.
- Each manufacturer's method is a bit different (and sometimes different models in their line require different steps) so this is the time to consult your owner's manual.

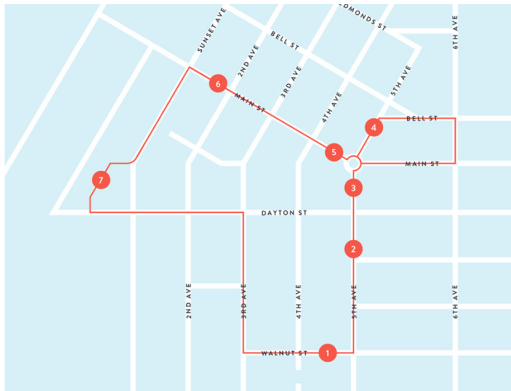

One final note: now is the best time to change your lower unit and/or powerhead oil, visually inspect it to be sure there hasn't been any water intrusion, and put the boat to bed with fresh fluids for the winter.

EDMONDS HOLIDAY TROLLEY

Running every Saturday in December, the Edmonds Holiday Trolley offers free rides from 11:00am to 6:00pm. Enjoy this festive experience and hop-on or hop-off at multiple stops throughout downtown Edmonds. The closest stop to the marina is located at Salish Crossing.

Trolley Stops

- 1 WALNUT STREET COFFEE
- 2 HAZEL MILLER PLAZA
- 3 EDMONDS BOOKSHOP
- 4 LOG CABIN VISITOR'S INFO
- 5 COMSTOCK JEWELERS
- 6 CALYPSO RESTAURANT
- 7 SALISH CROSSING
